SRM IST CHENNAI-89

@kshitizchouhan @kshitizChouhan @kshitiz_chouhan

CAREER OBJECTIVE

Enthusiastic BCA Data Science student at SRM Ramapuram, Chennai, with a keen interest in web development and data science. Eager to utilize programming skills (e.g., Python, HTML, CSS, JavaScript) in real-world projects and gain practical experience to expand expertise in data-driven innovation and web technologies.

Technical Skills

Programming Languages: Java, Python, HTML, CSS, JavaScript

Frameworks & Libraries: Next.js, Flask (Python), Pandas (Python), NumPy (Python), MERN Stack (MongoDB, Express.js, React.js, Node.js), Prisma ORM

Databases: MongoDB, PostgreSQL (Neon)

Tools & Technologies: Git, GitHub, Visual Studio Code, Power BI, Zabbix, MyShift, Self-Healing Operation Platform (SHOP at CtrlS)

Software: Microsoft Word, Microsoft Excel, Microsoft PowerPoint

Work Experience

1**. Intern – MS-DB team** CtrlS Datacenters Ltd., Hyderabad

- Assisted in SQL Server monitoring and performance analysis in a Tier-4 data center. June – July 2025
- Worked with Zabbix, SHOP (Self-Healing Operation Platform), and MyShift for server health checks and alert tracking
- Gained exposure to backup verification, SLA tracking, and real-time shift operations.
- Tools: SQL Server, Zabbix, Power BI, MyShift, SHOP

ACADEMIC PROJECTS

1. **Alert Analysis Dashboard – CtrlS Data Center (Power BI)**
   Built an interactive Power BI dashboard to monitor alerts, incidents, and system health for CtrlS Data Center.
   Designed data model and DAX measures to analyze alert trends, severity, and response time.
   Enabled stakeholders to take faster, data-driven decisions, reducing manual monitoring effort.
2. **SunDownStudio Website Clone**
   Designed and implemented a functional clone of the SunDownStudio website using modern web development technologies
   Github: https://github.com/kshitizchouhan/Sunsdownstudio-clone.git
3. **conversy- Chat application**
   Built a real-time chat app with text messaging, emojis, and video calling using modern web technologies.
   Implemented secure authentication and a responsive user interface for smooth communication.
   Live: https://conversy.onrender.com
4. **Smart Civic Reporter – Civic Issue Reporting Platform**
   Developed a web platform that allows users to report civic issues with image upload and location tagging.
   Implemented complaint tracking and a responsive interface for easy reporting and monitoring.
   Live: https://smart-civic-reporter.vercel.app

POSITION OF RESPONSIBILITY

- **NEP Saarthi Coordinator | SRM Institute of Science and Technology**
  Actively contributed to the promotion and implementation of the National Education Policy (NEP 2020) by participating in the UGC-recommended quiz program, supporting continuous learning through CDIO and TPACK standards**.**
- **Research Paper Presenter | Government Arts College, Chennai**
  Presented a paper titled "Intelligent Lane and Object Detection System with AI-Based Driver Assistance" at the National Conference on Artificial Intelligence and Education (Feb 2025), organized by the PG & Research Department of Computer Science**.**
- **Workshop Participant | Jharkhand Rai University**
  Contributed to discussions and ideation

EDUCATION

- SRM Institute of Science and Technology, Ramapuram ,Chennai-89 Bachelor of Computer Applications (BCA) in Data Science | 2024- 2027
- Current CGPA: 9.60 ,Year of Graduation:2027
